November 28, 2012

### **BUREAU CIRCULAR NO. 1610**

To All Members of the PCRB:

#### Re: **SUBMISSION OF APRIL 1, 2013 LOSS COST FILING**

Please be informed that the PCRB has submitted a filing of Pennsylvania loss costs, related rating values and Manual rule changes with a **proposed effective date of April 1, 2013**. That filing, Bureau Filing No. C-362, proposes an overall average loss cost decrease of 4.01 percent.

Policies issued with effective dates on and after April 1, 2013 must be qualified as carrying tentative rates, and the Pending Rate Change Endorsement is to be used for this purpose. Note that such policies issued at current rates or on a “to-be-determined” basis must be endorsed subsequently with the new carrier rates.

In addition to April 1, 2013 loss costs and related rating values, the PCRB’s filing also proposes an Employer Assessment Factor used to impose, collect and remit employer assessments consistent with provisions of Act 57 of 1997. It is proposed that the factor be revised from the currently-approved value of 0.0225 to 0.0262 effective April 1, 2013, including effects of ongoing assessments made for the Uninsured Employers Guaranty Fund.

#### **Overview of Filing Indication Components and Supporting Analyses**

The filing analysis is limited to a review of loss cost experience and PCRB rating values. It does not address questions about whether carrier rates and premiums are either adequate or excessive or the extent to and/or direction in which carrier rates and/or premiums should be revised.

The filing’s overall average indicated change in collectible loss costs is a decrease of 4.01 percent. On a manual loss cost basis, the indicated change is a decrease of 3.77 percent, exclusive of the impact of surcharges applied to manual loss costs for the following items:

- Offsets for net Merit Rating Plan credits
- Offsets for Pennsylvania Construction Classification Premium Adjustment Program credits
- Offsets for Certified Safety Committee credits
- Assessment for the Office of the Small Business Advocate

Including the effect of these loadings, manual loss costs are proposed to decrease 3.74 percent in order to maintain the revenue-neutrality of the credit programs listed above.

The filing proposed a procedural change applicable to the determination of minimum individual payrolls for corporate officers and maximum individual payrolls for musicians and entertainers who are not independent contractors. In addition, the filing proposes to create a new classification, Code 972, to apply to attendant care services provided pursuant to the Medicaid Waiver or Pennsylvania Attendant Care Act (Act No. 150 of 1986). Code 972 will use payroll as the exposure base for PCRB loss costs.

While details of the PCRB's filing package are available as described further in this circular, the following comments are provided to highlight key parameters underlying the proposed loss cost revision.

The filing separately addresses indemnity and medical benefits and further divides loss ratio trends (at PCRB loss costs) into frequency and severity components.

Based on a seven-year (Policy Years 2004-2010) fit using an exponential curve, the PCRB's estimate of claim frequency trend is a reduction of 5.1 percent annually.

For both indemnity and medical losses, severity trend is based on seven-year (Policy Years 2004-2010) exponential fits of severity ratios. The PCRB's estimates of annual claim severity trends are +3.9 percent for indemnity and +4.3 percent for medical.

As is the case in any pricing filing, the PCRB's loss cost change indication is sensitive to the accuracy of the selected values of experience parameters, here in particular the above-noted indices of claim frequency and claim severity. Differences that occur between filed parameters and actual experience can be compounded over successive periods, if such differences persist over time.

### **Filing Package**

The PCRB's filing packages for loss cost revisions effective April 1, 2002 and later are available on the PCRB's website for review and reference purposes. Those filings will be retained on the website for reference and comparison to the current filing proposal, and the April 1, 2013 Loss Cost Filing package will also be made available on the PCRB website at [www.pcrb.com](http://www.pcrb.com). These filing packages will be found in the "Filings" section of the website.

Members and other interested parties are encouraged to use the website to access any and all parts of the filing package for informational purposes. If hard copy of the filing package is requested, the PCRB will provide a single copy per requesting entity (i.e., carrier group, consulting company, etc.) subject to the following considerations:

Price per copy: \$300 for PCRB members  
\$450 for non-members

All parties are advised that requests for hard copy of the filing package will be held for up to two weeks to allow efficient processes in producing the required copies.

### **Insurance Department Review of Filing**

The Insurance Department has assigned review of the April 1, 2013 Loss Cost Filing to Mr. Eric Zhou. Comments regarding the filing should be submitted in writing to Mr. Zhou.

Mr. Eric Zhou  
Actuarial Review Division  
Commonwealth of Pennsylvania  
Insurance Department  
1311 Strawberry Square  
Harrisburg, PA 17120  
(717) 783-0651  
e mail: [gzhou@pa.gov](mailto:gzhou@pa.gov)

### **Carrier Filings**

With respect to carrier filing procedures and requirements, the Insurance Department has again provided the following statement for distribution to all PCRB members:

NO ACTION is required of carriers intending to apply their current loss cost multiplier to the PCRB's new loss costs. A carrier wishing to change their loss cost multiplier will be required to make a filing with the Department. Act 44 requires all carriers to adopt PCRB loss costs upon approval by the Department. Otherwise, they must file their own loss costs which are subject to prior approval.

Carriers wishing to clarify the status of their current multipliers and/or to confirm filing requirements which will be applicable to their companies as prerequisites for the implementation of any specified schedule(s) of loss costs are strongly encouraged to consult with the Pennsylvania Insurance Department in that regard. For that purpose please contact Mr. Jim DiSanto at the mailing address, phone number and e-mail address shown below:

Mr. Jim DiSanto  
Actuarial Review Division  
Commonwealth of Pennsylvania  
Insurance Department  
1311 Strawberry Square  
Harrisburg, PA 17120  
(717) 783-2118  
e-mail: [jadisanto@pa.gov](mailto:jadisanto@pa.gov)

### **Act 86-1986**

Act 86-1986 included a section requiring notice of increase in premium. The full details of that Act were covered in Bureau Circular No. 1156, dated September 12, 1986.

Pennsylvania law requires any policy of insurance not written on a retrospective rating plan and covering commercial property or casualty risks in Pennsylvania to provide for not less than 30 days' notice of the intent to increase the insured's renewal premium. Endorsement WC 37 06 03 should be used for purposes of providing the required notices to affected policyholders.

Attached hereto is a table which includes the current PCRB April 1, 2012 loss costs, the **PROPOSED** April 1, 2013 loss costs and the proposed percentage changes in loss cost by risk classification. All loss costs in the attached table include loss-based assessments, Merit Rating Plan credit offsets and proposed Certified Safety Committee credit offsets. Construction classification loss costs also include Pennsylvania Construction Classification Premium Adjustment Program (PCCPAP) loadings.

Please be reminded that the April 1, 2013 PROPOSED loss costs, if applicable, will be adjusted by individual carriers' loss cost multiplier(s) to determine rates and premiums. Further, carriers may base their rates on loss costs that differ from those approved pursuant to a PCRB filing(s) for some or all classifications. Therefore, it may not be appropriate to simply compare the April 1, 2012 and PROPOSED April 1, 2013 loss costs in determining whether an Act 86 notice may be indicated.

### **Update Procedures**

In complying with prevailing statutory requirements pertaining to rating value filings, the PCRB is keenly mindful of the importance of timely submission, adjudication and implementation of revised rating values. While the PCRB will continue to work in cooperation with the Pennsylvania Insurance Department to accomplish an expeditious review of the filing and a timely determination about revisions in rating values effective April 1, 2013, the PCRB cannot preordain the time at which a final determination will be made on any filing. In order to assist members in understanding what has occurred and what remains to be done toward approval of Bureau Filing No. C-362, the PCRB will provide a circular update regarding the status of this filing at the end of January 2013 in the event that a decision regarding this filing has not been issued by that time. It is expected that this update and similar subsequent announcements, if needed, will keep all members informed about the status of this filing and avoid uncertainty among members as to whether an action may have occurred with respect to the filing that escaped notice in their company.

Timothy L. Wisecarver  
President
